A Collection of Essays on Sexual Assault and Trauma

In the wake of the #MeToo and #TimesUp movements, more and more survivors of sexual assault and trauma are coming forward to share their stories. *Fifteen Writers Break The Silence* is a collection of essays by fifteen writers who have experienced sexual assault or trauma. The essays are raw, honest, and powerful, and they offer a unique insight into the lives of survivors.

The writers in this collection come from all walks of life. They are men and women, young and old, black, white, and brown. They have experienced sexual assault in all its forms, from rape to child molestation to sexual harassment. But despite their different experiences, they all share a common goal: to break the silence that surrounds sexual assault and trauma.

The essays in this collection are not easy to read. They are full of pain, anger, and sadness. But they are also full of hope and resilience. The writers in this collection have survived sexual assault and trauma, and they are here to tell their stories. They are here to break the silence.

If you have ever experienced sexual assault or trauma, you are not alone. This collection of essays is for you. It is a reminder that you are not alone, and that you are not to blame. It is a reminder that there is hope, and that you can survive.
