Indomitus is a Warhammer 40,000 novel by Rick Partlow. It was published in 2020 and is the first book in the Dawn of Fire series. The novel follows the Ultramarines Chapter as they fight against the forces of Chaos in the wake of the Great Rift.

The Great Rift is a massive warp storm that has torn the galaxy in half. It has allowed the forces of Chaos to pour into the Imperium of Man, and they are now threatening to destroy everything in their path.

The Ultramarines are one of the most elite Space Marine Chapters in the Imperium. They are led by their primarch, Roboute Guilliman, who is one of the most powerful warriors in the galaxy.

In Indomitus, the Ultramarines are tasked with defending the world of Vigilus from the forces of Chaos. Vigilus is a key world in the Imperium, and its fall would be a major blow to the war effort.

The Ultramarines must face overwhelming odds, but they are determined to protect Vigilus. They will fight against the forces of Chaos, and they will not rest until they have driven them back into the warp.

Indomitus is a gripping and action-packed novel that will appeal to fans of Warhammer 40,000 and military science fiction.
