Synopsis

In the twelfth installment of the beloved Wings of Fire series, Tui T. Sutherland takes readers on an epic journey into the heart of the Hive Kingdom. The HiveWings, known for their strict social hierarchy and ruthless nature, are facing an uncertain future. Their queen, Wasp, is a

tyrant who rules with an iron fist. But when a mysterious new dragonet, Cricket, arrives at the Hive, everything changes.

Cricket is different from any other dragonet the HiveWings have ever seen. She is small, weak, and has a strange ability to control insects. But despite her differences, Cricket has a brave heart and a determination to make a difference. As she navigates the treacherous world of the Hive, Cricket uncovers a dark secret that could threaten the entire kingdom.

With the help of her new friends, Blue, Sundew, and Swordtail, Cricket must find a way to defeat Wasp and save the HiveWings. But can she do it before it's too late?
