From Humble Beginnings to Revolutionary Ideals

Bhagat Singh was born on September 28, 1907, in Banga, a village in present-day Pakistan. His childhood was shaped by the stories of Indian freedom fighters and the testimonies of the British oppression he witnessed firsthand. As he grew older, he became increasingly disillusioned with the colonial rule and drew inspiration from the socialist and anarchist ideologies of the time.

The Rise of a Revolutionary

In the early 1920s, Bhagat Singh joined the Hindustan Socialist Republican Association (HSRA), a revolutionary organization dedicated to overthrowing British rule through armed struggle. He quickly rose through the ranks, becoming one of the group's most prominent leaders. His bold actions, including the assassination of British police officer John Saunders in 1928, brought him international attention and made him a symbol of India's resistance movement.

Trial, Imprisonment, and Martyrdom

Bhagat Singh's revolutionary activities led to his arrest in 1929. During his trial, he delivered powerful speeches that resonated with the Indian people and exposed the brutality of British rule. Despite international pressure for clemency, he was sentenced to death and executed on March 23, 1931, at the age of 23. His martyrdom further fueled the independence movement

and made him an eternal icon of the Indian struggle for freedom.
